Live Music Venue 1626 Opens on Main Street

The Venue on Main located at 1624 Main Street, encompassing TopGolf Swing Suite, Michaels Café & Catering, and Revive Wellness Studio, introduces **1626**, a new premier entertainment location within the original Lutheran Publishing House, circa 1907, now designated a historic landmark. Most Columbian's will remember the building as Kimbrell's.

1626, features an architecturally interesting mezzanine level that completely encircles the main level. The new space is a perfect fit for hosting live music, comedy, and other entertainment offerings. Space includes a full-service menu and bar along with convenient parking in Cannon garage.

Scott Middleton, Developer/ Owner, stated, "We have been waiting five years for Main Street to be ready for a venue like 1626 to host live music. Columbia has a vibrant culture of musical talent, and we look forward to featuring artists from a wide variety of genres."
